**Marital State:** Married and have 2 children  
**Citizenship:** Egyptian

## SPECIALTY:

Special interest is in the field of Female Urology, NeuroUrology and Urodynamics. He is doing these procedures with excellent efficacy. He attends the outpatient clinic and goes to OR to do all operations in this field with excellent proficiency;

- Urodynamics
- Urinary Incontinence procedures for males and female with all therapeutic interventions for stress and urge incontinence as Botox injection, sling operations, augmentation cystoplasty...etc)
- Urethral abnormalities in females
- Overactive Bladder
- Benign Prostatic Hyperplasia
- Pelvic Organ Prolapse; including cystocele, rectocele repair and vaginal vault prolapse.
- Voiding dysfunction (neurogenic and Non-neurogenic)
- Urinary tract infections
- Genitourinary fistulas

## EDUCATION

**1992 Medical School Diploma (MBBCH, Bachelor of Medicine and Surgery)**  
*Medical School:* Faculty of Medicine Asyut University, Egypt  
*Date entering Medical School:* September 1986  
*Graduation Date:* September 1992  
*Title:* M.B.B.Ch. School of Medicine  
*Grade:* *Excellent with honor*

Award province of Asyut Faculty of Medicine for the second order of the Medical Graduates

**1997 M. Sc. (Master Degree in Urology)**

Urology Department, Faculty of Medicine, Asyut University 21/12/1997

*Grade:* Very Good

*Thesis:* Study of the Clinicopathological Patterns of Bladder Cancer in Upper Egypt.

**2003 – 2004 The United States Medical Licensing Examination (USMLE)**

Step 1 (Basic Science): 5/31/2003

Step 2 (Clinical Knowledge): 10/18/2003

Step 2 (Clinical Scales Assessment): 1/17/2004

Step 3 (State of Connecticut): 6/21/2004

**2005 Medical Doctorate in Urology (Ph.D. in Urology)**

Urology Department, Faculty of Medicine, Asyut University, April 2005

*Grade:* Very Good

*Thesis:* Tension Free Vaginal Tape and Percutaneous Vaginal Tape as Minimally Invasive Procedures for Female Stress Urinary Incontinence

**BORD CERTIFICATION**

**Egyptian Board of Urology**

**WORK HISTORY**

- **March 1<sup>st</sup>, 1993 to February 28<sup>th</sup>, 1994: Internship Program (House Officer).** Asyut University Hospitals, Asyut University, Egypt. Clinical rotations in the following Departments:
  - Department of Obstetrics and Gynecology 8 weeks
  - Department of General Surgery 8 weeks
  - Department of Internal Medicine 8 weeks
  - Department of Urology 8 weeks
  - Department of Pediatrics 8 weeks
  - Emergency Medicine and Traumatology Unit 4 weeks
  - Anesthesia and Intensive Care Unit 4 weeks
- **March 1<sup>st</sup>, 1994 to February 11<sup>th</sup>, 1998 Urology Residency**  
Urology Department, Asyut University Hospital, Egypt  
At the end of the Urology Residency period, I took the Master degree in Urology (M. Sc.) Exam and defended a thesis to become assistant lecturer in Urology in the University of Asyut.
- **February 12<sup>th</sup>, 1998 to June 30<sup>th</sup>, 2001 Assistant Lecturer of Urology (Clinical Fellow)**  
Urology Department, Asyut University Hospital, Asyut, Egypt.
- **July 1<sup>st</sup>, 2001 – June 30<sup>th</sup>, 2004 Research Fellow,** Female Urology and Voiding Dysfunction Unit, Glickman Urological Institute, the Cleveland Clinic Foundation, Cleveland, OH, USA. The supervisor of this fellowship was Dr. Raymond Rackley, Co-Head, Section of Female Urology and voiding dysfunction, Glickman Urological Institute, the Cleveland Clinic Foundation. I also worked with other staff members at the Section of Female Urology and voiding dysfunction, Glickman Urological Institute, the Cleveland Clinic as Dr. Sandip Vasavada and Dr. Fairouz Daneshgari. My main task as a research Fellow was complete studies with the main supervisor of this fellowship;

Dr. Raymond Rackley. We have completed many research protocols including clinical trials, cadaveric studies, .....etc.

- **June 26<sup>th</sup>, 2005 to June 27<sup>th</sup>, 2010**      **Lecturer of Urology; section of Female Urology and NeuroUrology**, Urology Department, Asyut University Hospital, Asyut, Egypt
- **June 27<sup>th</sup>, 2010 till now: Associate Professor of Urology section of Female Urology and NeuroUrology**, Urology Department, Asyut University Hospital, Asyut, Egypt

## **RESEARCH EXPERIENCE**

**The Principle Study Co-coordinator with Dr. Raymond Rackley in the following studies conducted at the Female Urology and Voiding Dysfunction Unit, Glickman Urological Institute, the Cleveland Clinic Foundation (From June 2001 to June 2004):**

1. Comparative study between Tension Free-Vaginal Tape (TVT) and Percutaneous Vaginal Tape (PVT) as minimally invasive procedures for treating stress urinary incontinence in women. A Prospective study.
2. Electrical Nerve Stimulation for the Treatment of Urge Incontinence in patients with Non-Neurogenic Bladder.
3. Evaluation Of sacral nerve stimulation (InterStim) For the Treatment Of various lower urinary tract dysfunctions.
4. Pudendal and Clitoral Nerve: Anatomy and Clinical Application, including cadaveric dissection for clitoral and pudendal nerve neuromodulation.

**Co-investigator with Dr. Firouz Daneshgari at the Glickman Urological Institute, the Cleveland Clinic Foundation in these studies (from July 2003 to July 2004):**

1. Lower Urinary Tract Complications of Diabetes Mellitus.
2. Studies of Impaired Contractility of the Bladder in Diabetes.

## **ACTIVITIES & COMMITTEES**

1. Member of the American Urological Association (AUA)
2. Member of the International Continence Society (ICS)
3. Member of Egyptian Urological Association (EUA)
4. Member of Pan-Arab Continence Society (PACS)
5. Section editor in the Pan Arab Journal of Voiding Dysfunction
6. Section editor in the Egyptian Journal of Urology
7. Editor in Asyut School of Medicine journal

## PRESENTATIONS

- The organizer and chief of the annual meeting of the Female Urology and NeuroUrology unit, Urology Department, Asyut University, Egypt.
- **Peripheral Neuromodulation.** The annual meeting of the Urology Department, Ain Shams University; Ain Shams Specialized Hospital, Cairo, Egypt, April 16<sup>th</sup>, 2008.
- **Pelvic Organ Prolapse: Updates.** State of the art lecture. Fifth Pan Arab Continence Society Annual Meeting, Dead Sea, Jordan, December 2008.
- **Anatomy and Physiology of Female Continence.** The annual meeting of the Urology Department, Sohag University, Aswan, Egypt, October 2<sup>nd</sup>, 2009
- **Pelvic Pain Syndrome.** Sixth Pan Arab Continence Society annual meeting in collaboration with the International Continence Society. Sharm El Sheikh Egypt – February 4 – 6, 2010.
- **State of the art lecture:** Bladder Outlet Obstruction in Women. 8<sup>th</sup> Pan Arab Continence Society annual meeting in collaboration with the International Continence Society; Dubai, UAE, January 27 – 29<sup>th</sup>, 2012.
- **Surgical Management of Pelvic Organ prolapse: Lecture**  
Female Urology and Voiding Dysfunction Section meeting of the Egyptian Urological Association Annual meeting, Intercontinental City Stars, Cairo, November 26th - 30th, 2012, Hall B.

## EDUCATIONAL ACTIVITIES

- Undergraduate Lectures for Medical students.
- Clinical rounds in Urology for medical students
- Annual meeting for the Asyut Faculty of Medicine
- Postgraduate Lectures for Master and Ph.D. students
- Supervision on Master and Ph.D. thesis (supervise the Ph.D. thesis of 2 Assistant Lecturer of Urology at Asyut University, Female Urology and Neurourology).

## SPECIAL SKILLS

- Excellent skills in Microsoft Word, PowerPoint, Excel, Acrobat PDF & SPSS software (biostatistics program) and Endnote.
- Good experience with Access and Word Perfect.

- Moderator; Session: Pelvic Organ Prolapse; 42<sup>nd</sup> Egyptian Urological Association Annual Meeting, Luxor, Cairo (October 29<sup>th</sup>, 2007)
- The Chief of the First Annual Meeting for the Female Urology and NeuroUrology Unit, Urology Department, that was held at Asyut University on February 19<sup>th</sup>, 2008. During the meeting, I gave 2 lectures: “Neurophysiology of the Bladder” and “Pelvic Floor Relaxation in Females”.

### **SUPERVISION ON THESIS**

- ▶ Supervisor on Master Degree in Urology (M.Sc.): Essay about urinary Diversion
- ▶ Supervisor on Master Degree in Urology (M.Sc.): Essay about Female Sexual Dysfunction
- ▶ Supervisor on Doctorate Degree in Urology (Ph.D.): Thesis about Neuromodulation for refractory overactive bladder
