

Welcome to the Faculty of Arts

The faculty of Arts at AUN aims to create a Distinction education in the fields of languages, social, and human sciences to effectively contribute in achieving the university vision. We offer a number of peer-reviewed programs to prepare qualified graduates in the fields of Languages, Human, and Social Sciences with a challenging education to compete in the labor market, conduct scientific research, and contribute to their community service and the solution of the society's problems.

Did you know?

- 1 The faculty of Arts prepares a distinctive and qualified graduates who are specialized in the human sciences, and who are capable of innovation, improvement and application to conform to the great changes in the various fields.
- 2 In 1969, the first branch for the faculty of Arts opened in the city of Minya. Then in September 1971, the university established a branch in the city of Sohag.
- 3 In 1997, an agreement between the faculty of Arts at AUN and the graduate studies Oxford Academy (in conjunction with Burt smut University in England) was made which awarded the doctorate for some foreign students with the Malaysian and Yemeni nationality. In the same year, a degree was approved of the Supreme Council of Universities to create the translation and research linguistic center of resolution No. 232.

Dean's word

Welcome dear visitors

I am happy to assure you of the intention of the faculty and its administration to achieve the leadership role of the faculty in our changing world. Since its development and despite the obstacles that sometimes prevent a distinguished achievement, the faculty of Arts at AUN promotes the role of Assiut university in enlightening and leading society towards future prospects. I set the goal to keep in mind the most important goals that we all work on to achieve to prepare a strong, moderate-behavior, and solid-minded generation who is aware of its belonging and the unity of its homeland, in order to be able to develop and be up to date with the new fields of languages, humanities, and social sciences to contribute to the studies and research needed by the society. I also assure you that we seek to develop the faculty's own resources, in addition to its human resources represented by that distinguished, elite faculty members and administrative staff, since they are the strong pillar on which the educational process is based on. They work to achieve excellence and success. As well as, they are responsible to work hard and with dedication to help the students and encourage them to learn and enhance their skills, which will be reflected in their professional performance in the workplaces to which they are enrolled. And since we consider the student, the community, and the nation our responsibility, we find that it is necessary for us to achieve the primary goal of the educational process, which is to prepare graduates who are equipped with theoretical knowledge, practical and research experiences, and who have the ability to apply these skills in building themselves and serving their community by providing consistent and adopted education programs that meet the National standards of quality; These standards are the reason why our faculty was qualified to obtain an accreditation certificate from the National Authority for Quality Assurance and Education Accreditation in the year 2014 as the first faculty of arts in the Arab Republic of Egypt, so I believe that it is necessary to keep on developing the academic programs to raise the educational process, to upgrade the scientific research and the dissemination of innovation and culture, and to encourage young researchers from the faculty and students to contribute to the knowledge of the industry and achieve leadership in their areas of specialization and lead their communities.

Pro. Dr./ Ahmed Saber Mahmoud Mohamed
Dean of Faculty of Arts

Faculty of Arts Fact Sheet

Brief history about the faculty

The study began in the Faculty of Arts in the 1975-1976 academic year to accept 154 students in four sections, namely: Arabic, English, French, and the Department of History and African Studies, and was followed by the establishment of the Faculty of Arts in Qena in the 1977/1978 academic year. Based on repeated petitions from the people to the governors of Assiut, it decided to establish the Faculty of Arts at Assiut under Presidential Decree No. 419 for the year 1995, so that by the study starts in the academic year 1996/1997. There are five sections for Humanistic Studies of the College of Education moved to the emerging college: the Department of Arabic language, and English, and the French language, history, and geography. Later, five other sections such as the Department of Sociology, Media, Psychology, documentation, libraries, philosophy

How to apply in the university?

Come and see what does the faculty of Arts offers during AUN's open day or contact the faculty to arrange a visit. Undergraduate admission differs depending on whether you are a high school student or whether you are want to transfer from another university to AUN.

It is widely acknowledged that the transition from school to University is significant – the quantity of work, the pace at which material is covered and the conceptual complexity are all greater than students have experienced at school. Our experience has shown that many first-year students can overcome the difficult transition from high school to University by receiving a reduced learning load in their first year and by spreading the curriculum over a four year Period. Visit the faculty of Arts at AUN website to know more about the admission
