* Aim of the activities book

To provide one source of evidence for the assessment committee that you attained the desired level of competency required to gain the award.

In this book you will document all clinical, academic and other experiences and skills you attained during your training.

Sections of the book

For each module / course / rotation

You should fill the following sections:-

A- Clinical case log

1- You will first find list with all required cases in the concerned module and the minimum number of cases you must get exposed to and level of participation you should achieve for each type of cases.

2- You should record all clinical cases in the module and each case should be signed by your trainer.

2- Clinical case presentation log

Record the cases related to the module that you have presented in a seminar of the activity.

3- Procedures log

1- You will find a list for required procedure, diagnostic – therapeutic operations and

level of desired performance you should achieve at the end of training.

2- You will find empty tables to write down the procedure, you level of participation

and date and signature of supervisor.

4- Rotation / attendance proof

You should have evidence of achievement the required training hours within each module.

For the whole program fill the following sections.

1- Academic activities

A- Document all academic activities e.g. lecture, journal clubs, workshops, conference, services attended. This documentation should include the level of participation " attendance, preparation, presentation "

2- Academic achievements

A- Document all outcomes you achieved in the field of:-

- Audit participation
- Research "clinical trial" participation.
- Evidence- based medicine "generation of guidelines" protocols

3- Formative assessment log

This document all types of formative assessment attended e.g.:-

- Mini clinical examination
- Quise.

Program aims

- 1/1 To enable candidates to keep with international update standards of patients care of psychiatric disorders by mastering high level of clinical skills, bedside patient care skills, in addition to update medical knowledge as well as clinical experience and competence in the area of common, infrequent, and rare psychiatric disorders, common and infrequent psychiatric emergencies, diagnostic tools of psychophysiology studies and enabling the candidates of making appropriate referrals to a sub-specialist for consultation or intervention.
- I/2- Provide candidate with fundamental updated details knowledge of psychiatric disorders emergencies
- I/3- To enable candidates to select methodology and perform high standard scientific medical research with ethical issues and how to proceed with publication in indexed medical journals.
- I/4- To enable them to have professional careers as a consultant in Egypt.
- 1/5- To enable them recognized as a consultant abroad.
- 1/6- To enable them to continue self learning in subspecialties.
- 1/7- To enable them to master different research methodology and do their own.

Program Structure

Program Time Table

Duration of program up to 4 years (could be extended to 6 years) divided into

- Part 1

Program-related basic science courses

- Medical statistics & Research methodology
- Medicolegal Aspects and Ethics in Medical Practice and Scientific Research

Students are allowed to sit the exams of these courses after 6 months from applying to the M D degree.

- Thesis and 2 published researches for the M D thesis;
MD thesis subject should be officially registered within 6 months from application to the MD degree,
Discussion and acceptance of the thesis should not be set before 24 months from registering the M D subject;
It could be discussed and accepted either before or after passing the second part of examination

- Part 2

Program –related speciality courses and ILOs

كلية الطب
وحدة ضمان الجودة

Faculty of Medicine
Quality Assurance Unit

Students are not allowed to sit the exams of these courses before 4 years from applying to the MD degree.

First Part

Academic activities of basic science courses

Practice with the academic departments for at least 6 months during 1st year.

Course 1

- Medical Statistics.

Course 2

- Research Methodology

- Course 3

Medicolegal Aspects and Ethics in Medical Practice and Scientific Research.

- Course 4

Neurophysiology & Neuropsychopharmacology.

- Course 5

Psychology & Psychopathology.

- Course 6

Neuropathology of Psychiatric disorders & Genetics of Psychiatric disorders.

As logged off

General skills	could not judge (0)	strongly disagree(1)	(2) (3)		(4) (5)		(6)	strongly agree (7)
Demonstrate the competency of continuous evaluation of different types of care provision to patients in the different area of his field.								
Appraise scientific evidence.								
Continuously improve patient care based on constant self-evaluation and <u>life-long learning</u> .								
Participate in clinical audit and research projects.								

General skills	could not judge (0)	strongly disagree(1)	↩ (2) (3)		↩ (4) (5)		↩ (6)		strongly agree (7)
Practice skills of evidence-based Medicine (EBM).									
Educate and evaluate students, residents and other health professionals.									
Design logbooks.									
Design clinical guidelines and standard protocols of management.									
Appraise evidence from scientific studies related to the patients' health problems.									
Apply knowledge of study designs and statistical methods to the appraisal of clinical studies.									
Use information technology to manage information, access on-line medical information; for the important topics.									
Master interpersonal and communication skills that result in the effective <u>exchange of information and collaboration</u> with patients, their families, and health professionals, including:- <ul style="list-style-type: none"> • <u>Present a case.</u> • <u>Write a consultation note.</u> • <u>Inform patients</u> of a diagnosis and therapeutic plan Completing and maintaining comprehensive. • Timely and legible <u>medical records.</u> • Teamwork skills. 									

General skills	could not judge (0)	strongly disagree(1)	↔		↔		(6)	strongly agree (7)
			(2)	(3)	(4)	(5)		
Create and sustain a therapeutic and ethically sound relationship with patients.								
Elicit and provide information using effective nonverbal, explanatory, questioning, and writing skills.								
Work effectively with others as a member or leader of a health care team or other professional group.								
Demonstrate respect, compassion, and integrity; a responsiveness to the needs of patients and society.								
Demonstrate a commitment to ethical principles including provision or withholding of clinical care, confidentiality of patient information, informed consent, and business practices.								
Demonstrate sensitivity and responsiveness to patients' culture, age, gender, and disabilities.								
Work effectively in health care delivery settings and systems related to specialty including good administrative and time management.								
Practice cost-effective healthcare and resource allocation that does not compromise quality of care.

Module 4: Addiction

Rotation / attendance proof الأماكن التي تدرب بها

توقيع مدير المستشفى	توقيع رئيس القسم	أسم المستشفى التي تدرب بها

Requirements

- **Credit points:** 3 credit point for didactic (lectures, seminars, tutorial) and 14.5 credit points for training.
 - Minimal rate of attendance 80% of training and didactic
 - Attendance of at least 50% of clinical rounds of each unit.
 - Practice with clinical cases for at least one year in the department including interpretation of their different neuroimaging patterns and related laboratory investigation.

Year 2(5 credit points for training in Unit 4)

Clinical training	Credit points	Responsible department	Attendance	Percentage of Achieved points
Clinical training in addiction unit & psychiatric emergency unit	5CP	Neurology and Psychiatry Department	Year 2	100 % of the training in Unit 4
	3CP		➤ Practice with required cases log of addiction for 8 weeks as mentioned below in addiction unit and psychiatric emergency unit	60% of total unit training in year 2
	1CP		➤ Attend clinical round in addiction unit at least once/week for 8 weeks.	20% of total unit training in year 2
	1CP		➤ Attend outpatient clinic of addiction for 4 weeks , once/week.	20% of total unit training in year 2
Student signature			Principle coordinator Signature	Head of the department signature

Year 3 (3 credit point for didactics)

Name of the unit	Credit points	Responsible department	Attendance	Percentage of Achieved points
Module (Unit) 4 Addiction	3 CP	Neurology and Psychiatry department	Year3	100 % of the didactics of Unit 4
	0.5CP		5 hours <u>Substance abuse disorders.</u> ➤ Definition. ➤ Dependence. ➤ Habituation. ➤ Withdrawal. ➤ Intoxication. ➤ List of the psychiatric disorders that share significant comorbidity with substance-related disorders.	16.7%
	0.4CP		4 hours <u>Opiate type</u> ➤ Opiate dependence, withdrawal, intoxication.	13.3%
	0.4CP		4 hours <u>Cannabenoid type</u> ➤ Cannabenoid dependence withdrawal, intoxication.	13.3%
	0.3cp		3 hours Alcohol type dependence withdrawal, intoxication.	10%
	0.3cp		3 hours <u>Benzodiazepine type</u> ➤ Benzodiazepine, dependence withdrawal, intoxication	10%
	0.3CP		3 hours <u>Barbiturate type</u> ➤ Barbiturate dependence withdrawal, intoxication.	10%
	0.3CP		3 hours <u>Stimulants type</u> ➤ Stimulants dependence withdrawal, intoxication.	10%
	0.3CP		3 hour ➤ Other types of substance dependence (volatiles).	10%
	0.2CP			➤ Formative assessment.
Student signature			Principle coordinator Signature	Head of the department signature

Year 3(5 credit points for training in Unit 4) or could be achieved in any year

Clinical training	Credit points	Responsible department	Attendance	Percentage of Achieved points
Clinical training in addiction unit & psychiatric emergency unit	5CP	Neurology and Psychiatry Department	Year 3	100 % of the training in Unit 4
	3CP		➤ Practice with required cases log of addiction for 8 weeks as mentioned below in addiction unit and psychiatric emergency unit	60% of total training in unit training in year 3
	1CP		➤ Attend clinical round in addiction unit at least once/week for 8 weeks.	20% of total training in unit training in year 3
	1CP		➤ Attend outpatient clinic of addiction for 4 weeks , once/week.	20% of total training in unit training in year 3
Student signature			Principle coordinator Signature	Head of the department signature

Year 4(4.5 credit points for training in Unit 4) or could be achieved in any year

Clinical training	Credit points	Responsible department	Attendance	Percentage of Achieved points
Clinical training in addiction unit & psychiatric emergency unit	4.5CP	Neurology and Psychiatry Department	Any year	100 % of the training in Unit 4
	3CP		➤ Practice with required cases log of addiction for 8 weeks as mentioned below in addiction unit and psychiatric emergency unit	66.7% of total training in unit training in year 4
	1CP		➤ Attend clinical round in addiction unit at least once/week for 8 weeks.	22.2% of total training in unit training in year 4
	0.5CP		➤ Attend outpatient clinic of addiction for 4 weeks , once/week.	3.1% of total training in unit training in year 4
Student signature			Principle coordinator Signature	Head of the department signature

Management plan of Case log:

Case	Number
- Cannabinoid dependence.	At least 5 cases with level A
- Benzodiazepine dependence.	At least 5 cases with level A
- Opiate dependence.	At least 5 cases with level A
- Barbiturate dependence.	At least 5 cases with level A
Stimulants dependence.	At least 5 cases with level A
-Volatile dependence.	At least 5 cases with level A
- Psychiatric disorders that share significant co morbidity with substance-related disorders.	At least 5 cases with level A
- Clinical intoxication and withdrawal pictures of the above mentioned substances.	At least 5 cases with level A
