

Prof. Ghada A. Abou El-Ella

Title:

- Full Professor of Molecular Biochemistry

Affiliations:

1. Clinical Laboratory Diagnosis, Dept. Animal Medicine, Faculty of Veterinary Medicine, Assiut University.
2. Molecular Biology Dept., Molecular Biology Research & Studies Institute, Assiut University.

Research interest

- Cancer cell apoptosis and cell signaling
- Cell signaling pathways
- Cell line tissue Culture (cancer cells and skeletal muscle cells)
- Molecular biology techniques of DNA and protein (RT-PCR, Western blotting)
- Gene expression, siRNA (developing of siRNA against Mucin genes).
- Experience in working with Laboratory animals (Nude mice)
