

Instrumental Analysis and Quality Control Diploma

This diploma is aiming to introduce the students especially those interested in working in the pharmaceutical industry with the different aspects of instrumental analysis and its recent applications and pharmaceutical quality control and its regulations.

Semester	Code	Course Title	Credit Hours		Exam Time	Grades			
			Lecture	Practical		Written	Practical	Oral	Total
First	DAC-208	Identification and Analysis of Chemicals	2	1	2	60	20	20	100
	DAC-204	Laboratory Safety and Waste Disposal	2	1	2	60	20	20	100
	DAC-205	Instrumental Analysis	2	1	2	60	20	20	100
Second	DAC-209	Stability Indicating Assays	2	1	2	60	20	20	100
	DAC-210	Method Validation	2	1	2	60	20	20	100
	DAC-211	Quality Control	2	1	2	60	20	20	100
			18						600
