

أثر المعتقدات الدينية في تطور الأوضاع السياسية في الدولة الإيلخانية زمن أولجايتو

د/أحمد عز العرب أحمد

Abstract:

Search Summary The impact of religious beliefs on the evolution of political situations In the Ilkhans State, the era of "Olgauto" (703 716 A.H/_1303 1316 A.D) The study highlights the influence of religious faiths on the evolution of the political status of nations, which governs the political nature of the state, which may entail either civilizational and then politically, or the eruption of unrest and social and political differences that result in divisive and chaos in society. As for the problem of study, it is to determine the influence of different religious faiths, whether they are pagan, Judaism, Christianity or Islam, on the political situation In the Ilkhans State, the era of "Olgauto". On the approach of the study, I have used the critical analytical approach, which is based on capturing the historical narratives of the subject of the study through the use of different sources, whether Arabic or Persian, in addition to the European writings that referred to the subject of the study, in an attempt to reach the desired historical truth. The study was divided into introduction, preface and Four main elements; it dealt with the preface: The Genesis of "Olgauto", his life just before he came to power, his ascension to the throne, a summary of his inner and foreign actions, and his death, the first section entitled: "The Pagan Effect of the evolution of the political situation In the Ilkhans State, the era of Olgauto", while the second section: "The Impact of Judaism on the evolution of the political situation In the Ilkhans State, the era of Olgauto", and the third section: "The Impact of Christianity on the evolution of the political situation In the Ilkhans State, the era of Olgauto", while the fourth section is entitled: "Islam and its effect on the evolution of the political situation In the Ilkhans State, the era of Olgauto", and the study was appended to the conclusion of the results obtained, as well as an illustrative map, an annex on the subject of the study, and a list of sources and references.
