

The Central Library

the Central Library services in Assiut University are:

- Internal review.
- External metaphor.
- Current briefing.
- Search the contents of the library, university libraries, and libraries of the universities of the Republic on the computer through the Future Libraries Program.
- Temporary borrowing of photography.

There are also some activities held at the Embassy of Knowledge affiliated with the Bibliotheca Alexandrina, such as workshops and seminars that serve the university community and the local community of Assiut Governorate within the Central Library, which are:
