| 2023/11/18 | <p>under the guidance of Prof. Dr. Ahmed Al-Minshawi, President of the University, and Prof. Dr. Mahmoud Abdel Aleem, Vice President of the University for Community Service and Environmental Development, the Faculty of Agriculture participated in planting 70 acres in Beni Mohamediyat village, Assiut, using a seeder. The seeding of wheat was carried out with the Faculty's seeder for a group of farmers free of charge. This initiative aims to increase farmers' income and improve their living standards by reducing agricultural costs and increasing the yield per acre, thereby maximizing farmers' profits. This method is part of the effort to combat poverty in the most needy villages.</p> | November |

2023/12/12

Dr. Ahmed Al-Minshawi, President of Assiut University, inaugurated the "Climate-Controlled Ornamental Plants Greenhouse" at the university's farm. This multi-span greenhouse is the first of its kind among agricultural faculties in Upper Egypt, featuring systems for controlling humidity, ventilation, temperature, irrigation, and fertilization. It was constructed at a total cost of 1.3 million EGP and covers an area of 15x30 meters.

The inauguration was attended by Dr. Ahmed Abdel Mowly, Vice President for Education and Students, Dr. Mahmoud Abdel Aleem, Vice President for Community Service and Environmental Development, Dr. Adel Mahmoud, Dean of the Faculty of Agriculture, Dr. Adel Tammam, Vice Dean for Education and Students, Dr. Galal Abdel-Fattah, Vice Dean for Community Service and Environmental Development, Dr. Mohamed El-Sagheer, Vice Dean for Postgraduate Studies and Research, and Dr. Sayed Shehata Abedin, Head of the Ornamental Plants Department and scientific supervisor of the nursery, along with a number of professors, faculty members, and their assistants from the Ornamental Plants Department.
