

Mrs. Professor/Dean of the College for Environmental Affairs and Community Development

;;;After Greetings

We would like to inform you of the precautionary plan for the Department of Family and Community Health Nursing for the academic .year 2020-2021

- .1The temperature of all students is measured before entering the laboratories and auditoriums, and in the event of a high temperature, the students are transferred to the hospital to do the necessary tests.
- .2Ensure that students and faculty members wash their hands with soap and water for 20 seconds before starting and after finishing work.
- .3Ensure that students adhere to wearing personal protection (mask and hand gloves) and disinfecting hands with alcohol on an ongoing basis.
- .4The commitment of faculty members and their assistants to wear personal protection during theoretical and practical lectures.
- .5Students are divided into small groups throughout the school day.
- .6Students are warned of the need to maintain social distancing.
- .7Disinfectants are provided on a regular basis.
- .8Laboratories and auditoriums are sterilized before and after lectures and the operation section.
- .9Bathrooms and hallways are sterilized regularly during the school day.
- .10Implementing the hybrid education system by conducting 30% of the practical and theoretical lectures online at times announced in the students' schedules.
- .11Explanatory posters were hung on the students' bulletin board about ways to prevent the Corona virus.

Please accept, Your Excellency, the utmost respect and appreciation;;;

Chairman of the Department Council

Prof. Dr. Souad Sayed Bayoumi
