

Faculty of Nursing

Assiut University

## **Environment Plan-:**

The faculty has an activated plan for community service and environmental development for the academic year (2022-2023), documented and activated for community service and development of the surrounding environment, and it was approved by the Faculty Council No. (124) on 10/22/2022.

**The faculty has active entities in the field of community service and environmental development:**

### **•Unit of crises and disasters**

- A scenario for evacuating the faculty in the event of any emergency occurred, and a group of seminars on civil protection such as fires and others, and uploaded them to the faculty website at the following link:  
<https://www.youtube.com/watch?v=gCsNQkMPoEz> \ <https://youtu.be/gCsNQkMPoEw>
- A questionnaire to know the risks that exist within each department of the faculty
- Creating scenarios about cheating and dealing with student infections with the new Corona virus during exams.

- Conducting a workshop on crises and disasters.
- A presentation was prepared on ways to combat snakes and the dangers of electricity.

### **Occupational health and safety unit**

He held a symposium entitled "Occupational Safety and Health".

- A training plan for occupational safety and health has been developed
- The Occupational Safety and Health Guidebook has been approved
- Scenarios for disconnecting electricity during the performance of the electronic test

• **Waste Committee (has monthly reports)**

• **Energy Conservation Committee (has monthly reports)**

• **Water Conservation Committee (has monthly reports)**

• **Traffic Committee on the cafeteria (has monthly reports)**

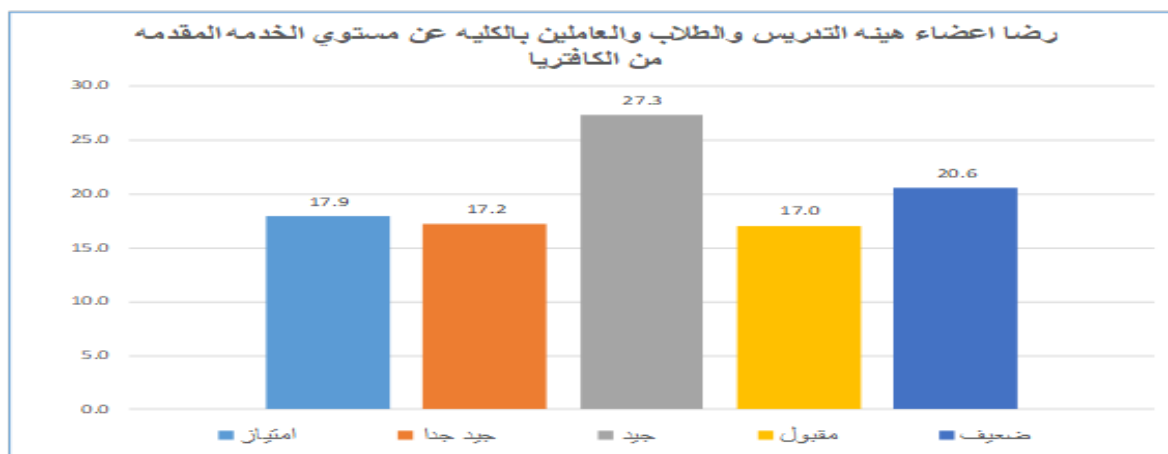

The opinions of all categories of the faculty who benefit from the cafeteria services regarding these services are taken through the online questionnaire
