

The 3rd International Conference of Biological Sciences

"Integrating Scientific Research and Application to
Achieve Sustainability"

Organized by

Botany and Microbiology & Zoology and Entomology
Departments, Faculty of Science, Assiut University,
Egypt
22 – 23 March 2027

Under Auspices

Prof. Dr. Ahmed El- Minshawy
President of Assiut University

Prof. Dr. Gamal Bader
Vice-President for Graduate Studies and Researches
Affairs

Conference Chairman

Prof. Dr. Abo Bakr Mohamed El-Tayeb
Dean of Faculty of Science, Assiut University

Conference Secretary General

Prof. Dr. Mohamed Hashem
Vice Dean for Graduate Studies and Researches
Affairs, Faculty of Science, Assiut University

Conference Rapporteur

Prof. Dr. Naeima Mohamed Hammam Yousef
Head of Botany & Microbiology Department, Faculty of
Science, Assiut University

Prof. Dr. Mona Mohamed Atia Abdel-Ghani
Head of Zoology & Entomology Department, Faculty of
Science, Assiut University

Organizing committee

A group of Faculty Members from Botany &
Microbiology and Zoology & Entomology Departments

Key dates

Start of conference registration 1/9/2026
Deadline for abstract submission 1/3/2027.
Full manuscript submission 1/4/2027.

Registration

All submissions are acknowledged to be through the
QR or the link:

Conference topics

1. Reviewing recent research in the field of biology, including biodiversity.
2. The role of biological sciences in sustainable environmental development.
3. Linking basic and applied sciences to environmental issues.
4. Enhancing cooperation between academic and industrial institutions at the international level.
5. The role of modern technologies in developing biological and applied sciences.
6. Biological sciences in serving and improving human well-being.
7. The role of plants and microbes in waste recycling and energy production.
8. Modern technologies and the potential of stem cells in gene therapy and regenerative medicine.

Conference goals

1. Contribute to finding innovative solutions to environmental problems.
2. Promote integration between different biological disciplines.
3. Support applied scientific research and link it to sustainable development.
4. Review the latest technologies in molecular biology and stem cells.
5. Enhance cooperation between academic and industrial institutions.

المؤتمر الدولي الثالث للعلوم البيولوجية "التكامل بين البحث العلمي والتطبيق لتحقيق الاستدامة"

ينظمه قسم النبات والميكروبيولوجي وقسم علم الحيوان
والحشرات – كلية العلوم – جامعة أسيوط
٢٢ – ٢٣ مارس ٢٠٢٧

Notes

- Conference language: English.
- Peer reviewed manuscripts will be published in a special issue of Assiut University Journal of Multidisciplinary Scientific Research (AUNJMSR), <http://aunj.journals.ekb.eg/>
- The best posters and oral presentations will be awarded.

Conference Registration Fees

- Attendance only 500 LE
- Attendance with poster or oral presentation.....700 LE
- Attendance with paper publication..... 1200 LE
- Undergraduate attendance 300 LE
- Online participation 500 LE
- Arab & foreign participants 250 \$
- Arab & foreign participants (online) 100 \$

Accommodation fees not included

Method of Payment

Egyptian Participants

9450760904

Arab and foreign participants:

4-082-17665-7
