

Name : First Hamza **Middle** Ahmed **Surname** Ibrahim

Position : Professor of Geophysics, Geology Dept.,

Date &Place of birth : 29/2/1953 Assiut

Gender : Male

Phone : 002088/ 412307 (office) **Fax:** 002088/ 312564

E-mail: Ibra@acc.aun.eun.eg

Academic Qualifications

Degree	Date	University (name& location)	Specialization
Ph.D.	1987	Assiut Univ.,	Geophysics
M.Sc.	1981	Assiut Univ.,	Geophysics
B.Sc.	1975	Assiut Univ.,	Geophysics

Fields of interest:

Geophysics including gravity, magnetic, electric and seismic methods; subsurface geology; petroleum geology and tectonics

Membership of professional organizations :

The Geological Society of Egypt, Sediment logical Society of Egypt, Geophysics, Society of exploration Geophysics

Experiences:

Teaching courses for under - and post- graduate students, Supervising M.Sc. and Ph.D. Dissertations, Geological& Geophysical field (Field works), working scientific researches in geophysics and seismology

Recent published materials:

1-Ibrahim ,H.A. 1998 . Gravity and aeromagnetic signatures along several profiles from the area of Abu Gharadig basin, north Western Desert of Egypt and their geological significances.

2- Youssef, M, Ibrahim, H.A. Bakheit, A.A. and Senosy, M.M. 1998. Tectonic patterns developed within the sohag region, middle Egypt. African Earth Sci., J. 26 (2). 327-339.
