- 3 The labor market needs AUN- Nursing graduates
- 4 We will provide our students with useful information and skills at the personal and societal level.

Dean's word

It is my honor to be the dean of the faculty of Nursing at Assiut University, This faculty have an important role in leading healthcare on the regional and national levels. Nursing has an essential goal in serving humans, relieving pain, and reducing diseases. We achieve our goal through providing our students with a critique education and information that will enable them to improve people's health. There are rules that must be followed by all Nurses and students studying Nursing. Some of these rules include not disclosing any information related to patients and not to disclose any information related to the team. In addition to, There must be a mutual trust between the patients and Health team. Lastly, all our faculty members strive to educate, help, and guide the students in gaining advanced scientific knowledge and skills in different nursing specialties. I wish you all a successful path.

Prof./Tarek Abdalla Morsy El-Gammal
Dean of Faculty of Medicine

Brief history about the faculty

Nursing at Assiut University have a long and distinguished history since 1982. It was first named 'The Higher Institute of Nursing', then after the issuance of Republican Decree No. (200) for the year 2000 AD the name changed to 'the faculty of Nursing'. The Faculty of Nursing - Assiut University is an accredited college from the National Authority for

Quality Assurance and Accreditation, and it includes eight different specializations.

○ Department of medical-surgical

○ Department of public health

○ Department of Obstetrics and Gynecology

○ Department of Psychiatric

○ Department of Geriatric

How to apply in the university?

Come and see what does the Faculty of Nursing offers during AUN's open day or contact the faculty to arrange a visit. Undergraduate admission differs depending on whether you are a high school student or whether you want to transfer from another university to AUN.

It is widely acknowledged that the transition from school to University is significant – the quantity of work, the pace at which material is covered and the conceptual complexity are all greater than students have experienced at school. Our experience has shown that many first-year students can overcome the difficult transition from high school to University by receiving a reduced learning load in their first year and by spreading the curriculum over a four year Period.

Visit the Faculty of Nursing at AUN website to know more about the admission.
