B-Statistical Information

The system used for examining the Examinations Committee	3 members examine and correct oral, practical, and theoretical exams
External review system for exams	Available <input checked="" type="checkbox"/> not available <input type="checkbox"/>
The number of teaching staff	6 members of teaching staff

C-Professional Information

1- Statistics:

The number of students enrolled in the course	1									
The number of students who took the exam	1									
Exam result	Successful: 100 %					Fail: 0 %				
The percentage of successful students according to the grades obtained	+A	A	-A	+B	B	+C	C	+D	D	D-
	%	% 100.00	%	%	%	%	%	%	%	-

2- Teaching the course::

Subjects taught:			
- % of what has been taught of the basic content of the course	100%		
The extent of commitment of the teaching staff to the content of the course	60> <input type="checkbox"/>	60 -84 > <input type="checkbox"/>	85> <input checked="" type="checkbox"/>
Extent of exam coverage of course topics	60> <input type="checkbox"/>	60 -84 > <input type="checkbox"/>	85> <input checked="" type="checkbox"/>
Teaching and learning methods:	Lectures: <input checked="" type="checkbox"/>	Practical training: <input checked="" type="checkbox"/>	Case Study: <input type="checkbox"/>
	Seasonal activities <input checked="" type="checkbox"/>	Quarterly (remember): <input type="checkbox"/>	business <input type="checkbox"/>
Method of Assessment	Written exam: <input checked="" type="checkbox"/>		Oral: <input checked="" type="checkbox"/>
	Quarterly business: <input checked="" type="checkbox"/>		Practical: <input checked="" type="checkbox"/>

3- Teaching capabilities:

Scientific references:	Available <input checked="" type="checkbox"/> not available <input type="checkbox"/>
The means involved:	Available <input checked="" type="checkbox"/> not available <input type="checkbox"/>
Supplies and raw materials:	Available <input checked="" type="checkbox"/> not available <input type="checkbox"/>
Administrative and organizational restrictions:	No restrictions present
The result of students' assessment of the course (%):	<ul style="list-style-type: none"> • Student assessment showed that theoretical part of the course is very long compared with the time of term. • Practical part needs more time and related with field applications.
Suggestions for improving the course:	<ul style="list-style-type: none"> • Support the labs with advanced sets to apply different techniques. • Give the practical part long time which is proper to each student to identify samples and tests in lab.
Observations of external auditors (if any):	<ul style="list-style-type: none"> • Applicable if present
The development proposals implemented in the previous year:	<ul style="list-style-type: none"> • Provide proper practical part content which is related to field. • Students prepared and showed presentations about different point in course.
What are the proposals that have not been implemented (what are the reasons):	<ul style="list-style-type: none"> • Field cases not implemented

4- The course development plan for the next year:

Areas of development	Description of development	Timing of development	Responsible for implementation
Practical part and field cases	Try to provide different field cases and practical advanced techniques for students	2022/2023	Prof. Dr. Doha yahia

Date:13/9/2023

Course Coordinator: Prof. Dr. Ahmed Abdel-Baky Sharkawy El-Sherif

Program Director and College Dean: Prof.Dr. Madeha Hosni Darwish
